

AP Chemistry

Summer Assignment Agreement

The following agreement must be signed and returned to Mr. Eisley
no later than 3:15pm on June 3, 2015
in order to participate in the AP Chemistry course.

I, _____, hereby acknowledge and agree that _____
(name of parent/guardian) (name of student)

will entirely and successfully complete all summer AP CHEMISTRY assignments given. Students will need to have access to the internet to access online materials & tutorials, and they will need to check their school email account weekly. Summer assignments will also include orientation & review on some basic mathematical skills that will be used throughout AP Chemistry. We understand that AP Chemistry is an advanced course which was voluntarily selected as a class to schedule for the upcoming academic year. As an accelerated class at the AP level (college level), we know that summer assignments are necessary and required to be completed with accuracy. In that regard, if he/she does not complete all given summer assignments by the beginning of the first day of class, he/she will receive a **0** (zero) for the assignments. In addition, because of the intensity of the course and course work, _____
(name of student)

will conference with Mr. Eisley about the academic danger of starting the course with a **0** (zero) average and being immensely behind which may forfeit his/her place with the AP Chemistry class.
