It is recommended that the board approve the Behavioral Support Services agreement between Justice Works Youthcare and the school district for the 2018-2019 school year. The need for this professional support service is based on changing needs within the student population that require a more intensive therapeutic level of intervention. The PBIS program is adequately meeting the needs of Tier I students, but more intensive behavioral supports are still required for Tier II and Tier III students. This service will work in conjunction with the PBIS program, the elementary counselor, and the elementary administration are to provide intensive behavioral support for students at school and in the home. In addition, Justice Works Youthcare will provide professional development to staff on supporting students with more significant behavioral challenges. The position has specific data monitoring requirements to evaluate its effectiveness at meeting district needs. Funding for this is a combination of local and federal funds.

**4. 2018-2019 IDEA Agreement – Attachment # 3**
