

Dear South Williamsport Families,

As the school year ends, I want to take a moment to extend my heartfelt gratitude to each and every one of you for your unwavering support and dedication throughout this remarkable year. Your partnership and commitment have been instrumental in creating a thriving and nurturing learning environment for our students.

This year has been filled with countless achievements, both big and small, that have contributed to the success of our students and the strength of our community. From academic milestones to extracurricular accomplishments, our students have demonstrated resilience, creativity, and a passion for learning. These achievements would not have been possible without the collective efforts of our dedicated teachers, staff, parents, and community members.

As we transition into the summer break, I encourage our students to take this time to relax, explore new interests, and enjoy the company of family and friends. Summer is a wonderful opportunity to recharge and reflect on the past year's accomplishments while looking forward to the exciting opportunities that lie ahead.

To our parents and guardians, thank you for your continued support and involvement in your children's education. Your engagement, whether through participating in school events, assisting with homework, or simply being there to encourage and support, has made a significant impact on our students' success. To our dedicated staff, your hard work and dedication have not gone unnoticed. Your commitment to excellence and your passion for teaching and learning have made this year truly special.

As we look forward to the upcoming school year, we remain committed to providing a high-quality education and a supportive, inclusive environment for all students. Your feedback and participation are always valued, and we welcome any suggestions you may have as we plan for the future.

Thank you once again for a fantastic school year. Have a safe, restful, and enjoyable summer. We look forward to welcoming you back in the fall, refreshed and ready for another year of learning and growth.

Warm regards,

*Dr. Eric Briggs*
