Surveyors

1/27/2026 – Contacted Dan Vasello, Surveyor (570-322-2824)

- School district should ensure they address stormwater runoff issues as part of the RFP; it (stormwater) cannot impact the property or require the district to make modifications to the property to address stormwater issues.
- Make sure in RFP, there is no impact on school. Each property owner would have to control their own stormwater issues
 - Collection system to a pond
 - Collect stormwater individually to a collection system to a basin outlet and then it comes to the school

1/28/2026 – Contacted Michael Maneval, Surveyor (570-324-2824), emailing a proposal

1/28/2026 – Contacted Bassett Engineering, Donnie Whitford, Surveyor, (570-368-2131), left message, emailing proposal

- Assuming that a legal description (survey and/or written description) is provided, my fee for this project would be \$2,900 with a 4-week turn time.

1/27/2028 – Spoke with Justin Reis, Appraiser (570-368-8186)

- Willing to do the work
- Could not get to project until at least March
- \$2500-\$3,000
- Survey must be done before appraisal to get a more accurate cost.

Delivery of Special Education Services

- **District Operated Classrooms** – District employees, district students
 - A hybrid may exist where a district could have their own program and have agreements with other school districts to accept out of district students. This creates competition with the IU.
- **IU Operated Classrooms** – IU employees, multiple district students

IU Operated Programs - Transfer of Entity

- The purpose of the Transfer of Entity is to transfer a class or program as a unit from one school entity (IU) to another school entity (School District).

Transfer of Entity – The Process

- The School District would request the Transfer of Entity in writing to the Intermediate Unit by **March 1**.
- Both the School District and Intermediate Unit must report the action to PDE. This process is done by submitting a joint SEPRN that is signed by the School District Superintendent and the IU Executive Director.
- The Transfer of Entity must be approved through Board Action of both organizations by **March 15** prior to the submission of SEPRN.
- Special Education Plan Revision Notice(SEPRN) for a Transfer of Entity must be submitted to PDE no later than **March 31** for the upcoming school year.
- Once signed, the Intermediate Unit will submit to PDE by **March 31**.

IU Operated Programs – Terminate Agreement to Host

- If the district wishes to repurpose this classroom space and/or terminate the agreement to host the Intermediate Unit classroom programs in the subsequent school year, written notice must be given to the Intermediate Unit on or before **March 31st** of the current agreement year.
- This could displace district students if they are enrolled in the classroom that the agreement is being terminated. The Intermediate Unit cannot bump students from other districts to fill with host district students.

What is Fair Share?

Fair share is ensuring that each district in a geographical location shares in an appropriate allocation of IU classrooms. Some areas require districts to host a proportional share of classrooms. Other areas perform a financial calculation rather than requiring each district to host classrooms. In our area, we use the financial calculation.

Fair Share – By Classroom

	Multiplier	Current	5% Increase	Difference from Current Rate
Autistic/Emotional	2.5	\$9,750	\$10,238	\$488
Multi-Disability	2	\$7,800	\$8,190	\$390
Life Skills	1.5	\$5,850	\$6,143	\$293
Learning Support	1	\$3,900	\$4,095	\$195
Base Amount		\$3,900	\$4,095	\$195

Calculation of Autistic Classroom Cost

- Total expenses for **all** IU hosted autistic classrooms are accumulated

Not included are costs for:

- Autistic Coaching
- COTA
- Occupational Therapy
- Speech

- Total number of days enrolled are accumulated for **all** students attending an IU hosted autistic classroom

- Total expenses are divided by total number of student days to produce a daily rate

Note: In 2017-18, this calculation was done at each classroom level rather than IU wide. This created large disparities. (a teacher at top step with family health insurance vs a new teacher that opts out of health insurance)

- Daily Rate is multiplied by each District's student's days to produce a cost to charge that District

Transfer Students

When the district receives a student who transfers from a public or private school during an expulsion period for an offense involving a weapon, the district may assign that student to an alternative assignment or may provide alternative education, provided the assignment does not exceed the expulsion period.[2][24]

NOTES:

Gun-Free School Zone Act was found unconstitutional – change language to read “In accordance with federal law...” and keep cites to 18 U.S.C. Sec. 921, 922.

The “replica of a weapon” language in the policy definition of “weapon” is not included in School Code 1301-A or 1317.2; it was included because PSBA and solicitors agree that districts may define “weapon” through policy based on their needs—that language was included as a recommendation from a school safety standpoint, since it is often difficult to tell whether a weapon, particularly a gun, is real or a model.

It is the policy of the Board to obtain competitive bids and price quotations for products and services where such bids or quotations are required by law or may result in monetary savings to the school district.[1][2]

Guidelines

The amounts contained in this policy regarding competitive bid and price quotation requirements are subject to adjustments based on the Consumer Price Index.[1][2][3]

Competitive Bids

When seeking competitive bids, the Board shall advertise once a week for three (3) weeks in not less than two (2) newspapers of general circulation.[1][2]

After due public notice advertising for competitive bids, the Board shall be authorized to:

1. Purchase furniture, equipment, school supplies and appliances costing a base amount of **\$21,900** or more, unless exempt by law.[2]
2. Contract for construction, reconstruction, repairs, maintenance or work on any school building or property having a total cost or value of more than **\$21,900**, unless exempt by law.[1]

The Board prohibits the practice of splitting purchases to avoid advertising and bidding requirements.[1][2]

With kind, quality and material being equal, the bid of the lowest responsible bidder meeting bid specifications shall be accepted upon resolution of the Board, unless the Board chooses to reject all bids.[1][2]

The Board recognizes that emergencies may occur when imminent danger exists to persons or property or continuance of existing school classes is threatened, and time for bidding cannot be provided because of the need for immediate action. Bidding decisions in the event of such

emergencies shall be made in accordance with existing legal requirements.[1]

Electronic Bidding

The Board shall receive bids electronically for competitive contracts, except for construction and design services, in compliance with applicable laws and Board policy.[4][5]

The district shall electronically maintain the confidentiality of the bid until the bid opening.[5]

Competitive Electronic Auction Bidding

The Board shall adopt a resolution approving the use of competitive electronic auction bidding for contracts for supplies or services, but not for construction or design services.[4][6]

An invitation for bids shall be issued and shall include:[6]

1. Procurement description.
2. All contractual terms, when practical.
3. Conditions applicable to procurement, including a notice that bids will be received in an electronic auction manner.

Public notice and advertisement of the invitation for bids shall be given in the manner required for non-electronic bidding.

Bids shall be accepted electronically at the time and in the manner designated in the invitation for bids.

During the auction, bidders shall be able to review their bid rank or the low bid price, and may reduce their bid prices during the auction.

At the conclusion of the auction, the record of the bid prices received and the name of each bidder shall be open to public inspection.

After the auction period has expired, the district shall grant in writing withdrawal of a bid when the bidder requests relief and presents credible evidence of a clerical mistake due to reasons permitted by law, within the time period established by the district.

The contract shall be awarded within sixty (60) days of the auction by written notice to the lowest responsible bidder, or all bids may be rejected. Extensions of the award date may be made by written, mutual consent of both parties.

Price Quotations

Unless exempt by law, at least three (3) written or telephonic price quotations shall be requested by the Board for:[1][2]

1. Furniture, equipment, school supplies and appliances costing a base amount of more than **\$11,800** but less than **\$21,900**. [2]
2. All contracts for construction, reconstruction, repairs, maintenance or work on any school building or property, having a total cost or value of more than **\$11,800** but less than **\$21,900**. [1]

If it is not possible to obtain three (3) quotations, a memorandum must be kept on file showing that fewer than three (3) qualified vendors exist in the market area. The written price quotations, written records of telephonic price quotations and memoranda shall be kept on file

for three (3) years.

Work Performed by District Maintenance Personnel

The Board may authorize district maintenance personnel to perform construction, reconstruction, repairs or work having a total cost or value of less than **\$11,800**.^[1]

Delegation of Responsibility

The Board may grant the Board Secretary or Purchasing Agent the authority to purchase supplies and award contracts in the amount and manner designated by applicable law.^{[1][2]}

NOTES:

The Department of Labor and Industry shall publish notice, in the Pennsylvania Bulletin prior to January 1 of each calendar year, of the annual percentage change and the unadjusted or final adjusted base amounts at which competitive bidding is required and written or telephonic price quotations are required, respectively, for the calendar year beginning the first day of January after publication of the notice. This policy will be adjusted annually based on the notice published in the Pennsylvania Bulletin.

Title	Sponsorships and Advertising
Code	913.1
Status	First Reading

Purpose

The Board recognizes that schools provide for a potential market for commercial activities; however, it is important the district protect students and parents/guardians from exploitation and ensure commercial activities shall not interfere with the educational program. The Board recognizes that in certain instances, and with certain limitations, it may be in the best interest of the district to enter into sponsorship and advertising relationships with outside entities, offering support for curricular and co-curricular programs, and not for the purpose of establishing a forum for communication. It may be in the best interest of the District to accept monetary and/or other meaningful consideration from individuals or entities in exchange for recognition, which may be oral, written or graphic in nature, but in some limited circumstances could include granting naming rights to a District facility, for a fix

ed period of time. Furthermore, the Board acknowledges that district facilities are publicly funded and that students and employees shall be shielded from overt commercial activity. Consequently, the Board recognizes that entering into sponsorship and advertising arrangements involving the use of district facilities or that in any way impact students and employees involves ethical and legal concerns. The purpose of this policy shall be to provide procedures and guidelines for permitting sponsorships and advertising in a manner supportive of the district's overall mission of enhancing curricular and extracurricular activities, while protecting the interests of the district, its students and employees.

Applicability to Booster and Support Organizations

Advertisements accepted for publication, placement or promotion in publications or other media distributed by Booster or Support Organizations shall not be subject to the approval process outlined in this policy; however, Booster or Support Organizations shall be required to comply with the content guidelines and restrictions set forth in this policy as a condition of the District's recognition of the Booster or Support Organization and the use of the District's facilities.

Authority

The Board adopts this policy and authorizes that all sponsorships and advertising arrangements shall require prior approval. School organizations, sponsors and advertisers shall agree to abide by the policies and administrative regulations of the district.

The School Code requires the Board to provide and maintain school grounds and buildings necessary to provide educational services to school-aged children.

All agreements covered by this Policy shall be in writing and require prior approval as set forth herein. The District shall not be bound by any oral agreements.

The Board may enter into written contracts with individuals or companies that have expertise in advertising and marketing for purposes of identifying potential advertisers/sponsors and negotiating the terms of Advertisement/Sponsorship Agreements.

This Policy shall not apply to student expression or student speech, which is governed by Policy 220.

Policy 702 governs outright gifts, grants and donations to the District.

Delegation of Responsibility

The Board shall have the authority to review and approve all sponsorship, naming rights and advertising arrangements.

The Board shall review all proposed sponsorship and advertising contracts. As part of the review process, additional competitive vendors may be contacted to determine if they wish to participate in the possibility of advertising and/or entering into a corporate-sponsored contract.[19][20]

The Superintendent or designee will develop Administrative Regulations.

Definitions

Advertisement - any payment of money or other economic benefit to a school or to the district that requires visual, audio, video or electronic placement of a name, slogan or product message on a district property or in a district publication. The term advertisement shall not include traditional fundraising activities, nor apply to outright gifts to which no quid pro quo shall be attached.

Sponsorship - any payment of money or other economic benefit to a school or to the district for the support of a program in exchange for recognition.

For purposes of this policy, the term "classroom" is not intended to include any school's auditorium, cafeteria, gymnasium, library, performing arts center or athletic fields/facilities. In such case, commercial advertising materials may be used in a curricular setting for instructional purposes only.

Advertising and/or sponsorship opportunities for the district shall be subject to certain restrictions in keeping with the standards of good taste and shall model and promote positive values for our students. Granting Naming Rights

In granting naming rights, either in consideration or in recognition, due regard should be taken of the need to maintain an appropriate balance between commercial considerations and the role which names of buildings and space play in contributing to the district's sense of identity as well as in assisting students, staff and visitors to orient themselves within the campus/facility.
